## 250 Lumen COB LED Motion Activated Head Lamp

### Owner's Manual

#### Features

- Super- bright COB LED
- 3.8 Volt 1600 mAh Li-poly rechargeable battery
- Two settings for varied brightness and run times
- Automatic shut off and overcharge protection prolongs battery life
- Pivoting light head
- Two clips to attach to hard hat
- Adjustable and removable head band
- Motion activated switch
- IP54 rated for dust & water resistance
- Versatile 3-in-1 charging system:
  - Charge from 120V AC with included wall power plug
  - Charge from 12V DC with included vehicle power plug
  - Charge from USB charging port with included USB cord

#### Specifications

- Main Bulb: Single strip COB LED
- Low Setting Brightness: 80 lumens
- High Setting Brightness: 250 lumens
- Battery: 3.8 Volt 1600 mAh Li-poly rechargeable
- Run Time: Up to 6 hours (low setting) continuous  
Up to 2.5 hours (high setting) continuous

#### Operating Instructions

- Before use, plug the unit into any 110-120V AC power source, 12V DC power source or 5V DC USB port and let unit fully charge until the green indicator inside the Mini-USB socket turns on.
- Charge this light every month if not in constant use, and after each use, if it is used often, to ensure longevity.
- Turn the switch in a clockwise direction, once for low power, twice for high power; then turn the switch in counter-clockwise direction, once for low power, twice to turn off the light. Press the sensor switch “☺” on the top, the “☺” indicator on the bottom will illuminate, indicating that the motion function is activated. Press the sensor switch “☺” again, the “☺” indicator light will turn off, indicating that the motion function is off.

#### Cautions
