- 5V, 1A adapter with USB cable
- Low Setting Brightness: 650 lumens
- High Setting Brightness: 1300 lumens
- Low Setting Run Time: 5 hours
- High Setting Run Time: 2.5 hours

Operating Instructions

Before use, plug the unit into any 110-120V AC power source or 5V DC USB port and let the unit fully charge until the four bulbs above the mini USB socket turn blue.

Charge this unit every month if not in constant use, and after each use if it is used often, to ensure longevity.

Press the switch on the back of the unit, once for low power, twice for high power and three times to turn off the light.

Cautions

- **DO NOT** use in or around tubs, showers, sinks, pools, hot tubs or in a wet environment
- Use only the recommended voltage and frequency requirements
- Keep out of reach of children
- **DO NOT** operate light with wet hands
- Keep light away from hot objects
- **DO NOT** leave light in direct sunlight for prolonged lengths of time.
