Bulletin # 30002-121410

The ATD-30002 is a 1,500 watt, 120 volt, 11.5 amp, 5,000 BTU attachment for the ATD-30300 300 CFM blower. This product is NOT designed to be used as a space heater, or to run for hours upon hours at a time. The primary use for the ATD-30002 is for temporary heat, or to aid or assist in drying.

Using the ATD-30002 in any other manner would be considered misuse, and would not be covered by warranty.

Thank you,
