## WARNING!

- Read **ALL** the instructions and warnings before attempting to operate this jack.
- **DO NOT** operate jack on inclined surfaces. Jack must be used on level surfaces only. Unanticipated motion will occur as soon as jack lifts tire from surface.
- **DO NOT** overload jack beyond the load rating (1500lbs per unit)
- **DO NOT** start the vehicle's engine, or drive with jack in use. Jacks are designed for hand maneuvering of vehicles only.
- **DO NOT** use jack to lift tires wider than 12 inches.
- **DO NOT** attempt to push jack over obstacles. They are designed to be used on level surfaces only.
- After lifting, be sure always lock the pin in place before operating. Pull the pin out after finishing work and then release the valve.

## TO OPERATE:

Place jack on floor and press down on pedal to release pedal lock. Pull out the lock pin from frame.

Before operating, open release valve by turning hand wheel counter-clockwise. Expand jack with hand wheel, enough to place around tire and position so both rollers now contact the tire tread. To obtain the best control of jack while expanding around tire, place your left hand on top of the left side axle and your right hand at the center of the pedal. Close release valve by turning hand wheel clockwise to a snug-tight position, jack may now be used.

**IMPORTANT:** Install jack so that the unit is parallel to the sidewall of the tire to be lifted. Leave approximately 3/4" of clearance between tire and jack. If unit is misaligned, it is possible that the tire will be forced to hit the axle of the jack and not the rollers. This may damage the jack and will void the warranty.

To lift tire, flip directional lever up and place foot on pedal depressing with smooth, even strokes. Cycle pedal until tire is lifted about an inch from the surface. The lower the tire is to the surface the more stable the jack will be. After lifting, be sure to always lock the pin in place before operating. Repeat this process on the other tires and maneuver the vehicle as required.

To release jack, pull the pin out from frame and open valve by turning hand-wheel counter clockwise slowly. Jack may be removed only when rollers are disengaged from the tire.

# WARRANTY

## 1 YEAR LIMITED WARRANTY

THIS WARRANTY AND CONFIRMED RECEIPT(S) SHOULD BE RETAINED BY THE CUSTOMER AT ALL TIMES

PURCHASED FROM: \_\_\_\_\_

DATE PURCHASED: \_\_\_\_\_

INVOICE/RECIPT NUMBER: \_\_\_\_\_

Your ATD-7465 is warranted for a period of 12 months from the original purchase date.

For a period of one (1) year from your purchase date, ATD Tools Inc. will repair or replace (at its option) without charge, your ATD product if it was purchased new and the product has failed due to a defect in material or workmanship which you experienced during normal use of the product. This limited warranty is your exclusive remedy.

To access the benefits of this warranty, contact your supplier, or point of sale directly. You may be advised to return the product under warranty, freight prepaid, to your supplier for warranty determination.

If this ATD product is altered, abused, misused, modified, or undergoes service by an unauthorized technician, your warranty will be void. We are not responsible for damage to ornamental designs you place on this ATD product and such ornamentation should not cover any warnings or instructions or they may void the warranty. This warranty does not cover scratches, superficial dents, and other abrasions to the paint finish that occur under normal use. It also does not cover normal wear items such as but not limited to brushes, batteries, drill bits, drill chucks, pads or blades.

Subject to the law in your state:

- (1) Your sole and exclusive remedy is repair or replacement of the defective product as described above.
- (2) ATD is not liable for any incidental damages, including but not limited to, lost profits and unforeseeable consequences.
- (3) The repair and replacement of this product under the express limited warranty described above is your exclusive remedy and is provided in lieu of all other warranties, express or implied. All other warranties, including implied warranties and warranties of merchantability or fitness for a particular purpose are disclaimed and, if disclaimer is prohibited, these warranties are limited to one year from your date of purchase of this product.

Some states' laws do not allow limited durations on certain implied warranties and some states' laws do not allow limitations on incidental or consequential damages. You should consult the law in your state to determine how your rights may vary.
