ATD-80165
Retractable Reel Installations and Operating Instructions

Installation Instructions for Table or Bench Mount

1. Measure in and 1/4" (6 mm) below where the bench or table will be located.
2. Securely fasten the mount to the bench or table using (2) #8-32 x 3/8" (10 mm) screws.
3. After securing the mount, attach the reel with (2) #8-32 x 3/8" (10 mm) screws.
4. Securely fasten the reel to the mount using (4) #8-32 x 3/8" (10 mm) screws.
5. Carefully position the handle, ensuring it is seated properly on the reel.
6. Ensure that the reel is level and secure by tightening the screws.

Installation Instructions for Wall Mount

1. Measure in and 1/4" (6 mm) below where the wall mount will be located.
2. Securely fasten the wall mount to the wall using (4) #8-32 x 3/8" (10 mm) screws.
3. After securing the wall mount, attach the reel with (4) #8-32 x 3/8" (10 mm) screws.
4. Securely fasten the reel to the wall mount using (4) #8-32 x 3/8" (10 mm) screws.
5. Ensure that the reel is level and secure by tightening the screws.

Installation Instructions for Ceiling Mount

1. Measure in and 1/4" (6 mm) below where the ceiling mount will be located.
2. Securely fasten the ceiling mount to the ceiling using (4) #8-32 x 3/8" (10 mm) screws.
3. After securing the ceiling mount, attach the reel with (4) #8-32 x 3/8" (10 mm) screws.
4. Securely fasten the reel to the ceiling mount using (4) #8-32 x 3/8" (10 mm) screws.
5. Ensure that the reel is level and secure by tightening the screws.

Operation Instructions

1. Grip the handle and pull it up to the desired length.
2. Release the handle and let it drop back to the lowest position.
3. Replace the handle only when the length of the cable is fully extended.
4. When not in use, keep the handle in the highest position to prevent damage.
5. Avoid overloading the handle, as this may cause the reel to become unstable.
6. Always store the reel in a dry, well-ventilated area to prevent rust and damage.
